

# Memorandum

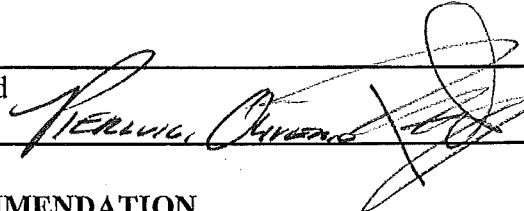

**TO:** Rules Committee

**FROM:** Councilmembers  
Pierluigi Oliverio  
Pete Constant

**SUBJECT:** Apply Re-Use Policy  
To Bascom Community Center

**DATE:** April 13, 2011

---

Approved  Date 4/13/11

---

**RECOMMENDATION**

Direct the administration to include the Bascom Community Center as a re-use facility and/or incorporate the unique services clause if appropriate.

**BACKGROUND**

The construction of the Bascom Community Center has been completed. However, due to the City's continuous multi-million dollar budget deficit that has directly affected city services, the City does not have the funding to open the community center for fiscal year 2011-2012.

We want to maximize possible options regarding any potential for opening the center on Bascom. Therefore, as Council has previously directed staff to include a number of city facilities for re-use to allow service to be offered to the community by a third party, we would like this center to be included. Further, adding Bascom to this list would possibly allow this facility to be opened and service youth and adults. This option should have no affect on the general fund other than oversight from Parks Recreation Neighborhood Services.
